Purpose of this Handbook

This handbook provides contractors, builders, and do-it-yourselfers with installation guidelines and tips on building Nexwood decks, docks, railings, fences and other beautiful products. In addition, this handbook contains information that will assist you in presenting the superior qualities of Nexwood to prospective customers.

Nexwood Industries Limited disclaims responsibility for damage caused by, or failure of, the product as a result of faulty installation caused by failure to follow the instructions as defined in this Nexwood Contractor's Handbook. Failure to follow these instructions will void the Nexwood warranty. The information contained herein is designed for guideline purposes only. Local building codes and regulations must be followed and adhered to before, during, and after construction of any Nexwood project.
